

**3rd ANNUAL
GOLDEN BOY AWARDS
of the
MANITOBA
TRAVEL AND CONVENTION
ASSOCIATION
-1962-**

HIS HONOUR
ERRICK F. WILLIS, Q.C.
LIEUTENANT-GOVERNOR OF MANITOBA

THE PURPOSE

To-day we salute the men and women who are building Manitoba. Visitors coming to Manitoba receive impressions not only from what they see, but also from the people they meet. We have with us to-day, to receive these Golden Boy awards, many persons who by their actions have given fine impressions to all whom they have met. They are all a credit to Manitoba. They have made Manitoba a better place in which to live, and in which to visit.

If visitors receive a fine impression of our men and women, then they will be more anxious to visit and re-visit Manitoba, and they will return again and again.

The Manitoba Travel and Convention Association believes it is desirable to point out to everyone, that we have in Manitoba persons who exemplify a way of life which reflects their belief in Manitoba, and that it is a fine place in which to live, and is a province of which we can be justly proud.

Men and women of good works abound in Manitoba, and public recognition is given to a few each year, in order that, perhaps, others may be encouraged to continue to work for the advancement of this province, and also in order that the travelling public may recognize that we have in this province many self-sacrificing citizens who believe in Manitoba and are happy to live here.

In your program you will find the names of those who are to receive the present awards, and I would ask those selected to come forward in alphabetical order to receive their awards.

ERRICK F. WILLIS,
Lieutenant-Governor of Manitoba.

'Golden Boy' Award

The Transcriptions are verbatim from a tape recording of the proceedings.

TOM LAMB
THE PAS

Tom! I feel sure that when the history books are written about the development of the North that the name of Tom Lamb will be very prominently recorded.

Your name is synonymous with Northern development.

I think not only of the physical contributions which you have made — such as the more than 16,000 hours of flying time you have logged since you bought your first Stinson aircraft in 1931 — and the great flying operation which you have developed, with the aid of your 6 sons — and I think not only of your 54,000 acre muskrat ranch — and your 5,000 acre cattle ranch — and your farming operation in the middle of 50 miles of wild country in the Moose Lake area — and your many operations in the fields of lumbering, fishing, trapping and tractor-train freighting — but I think more particularly of the personal faith and confidence you have had in the development of Manitoba's Northland — and how you have been instrumental in transmitting this faith into the hearts and minds of others. By your precept and example you have possibly "built better than you knew".

Tom, you have made your mark on the North Country — and have contributed greatly to the life of all Manitoba.

I salute you proudly as a Golden Boy!
