

THE LAMB REUNION

Tisdale, Sask.

July 8-9/89

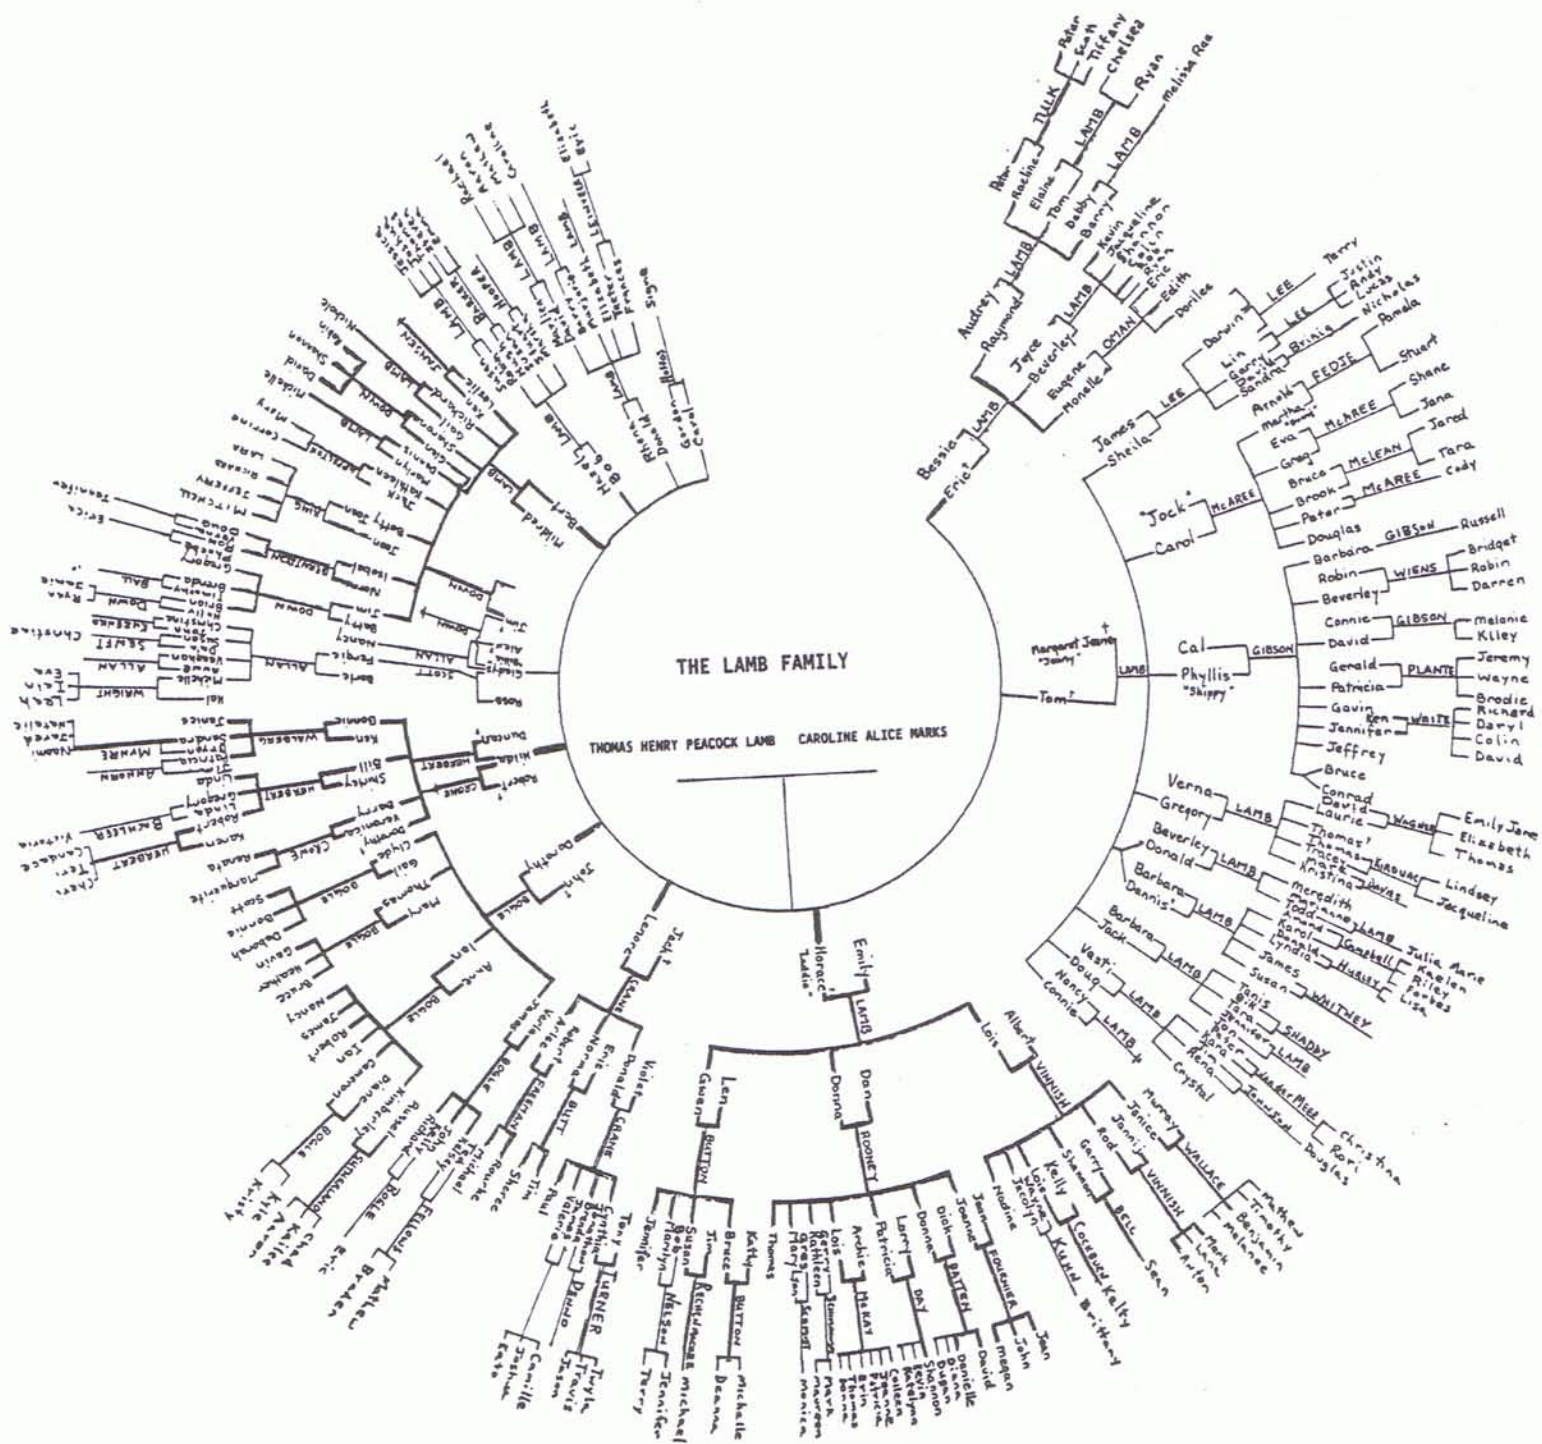

Editor's note: I have attempted to be faithful to the intent of the texts given me while making some changes for the sake of consistency. Therefore the descendants' names are listed first, followed by spouse, then children, all in chronological order (with gaps, of course, as not everyone sent in a biography.) I have done this within each branch of the family as well, so Aunt Bessie is listed first, then Raymond and Audrey, then Raelene, Peter and family, etc.

There is some repetition as some parents included their independent children in the family biographies and at times it seemed easier to include this than decide what to delete.

In most cases, I have used only first names and generally have omitted dates of birth, as I believe Robin has been collecting that information for the family tree.

And, as all editors do, I'll take responsibility for any errors and apologise for them in advance!

Happy reading.

I live alone in my house on LaRose Avenue. I am enjoying good health and am happy and content. I thank God for all his blessings.

What in the world have we been up to? Not a great deal for the last few years. I will be retired for five years in August and both Audrey and I are really enjoying it. I claim it's the best job I have ever had.

With family in Chase, Langley and Edmonton we spend a fair amount of time visiting with the children and grandchildren. Last winter was the first time in a number of years that we have not taken a winter vacation someplace warm. As you can't beat summers in the Okanagan valley, we don't have any desire to go anywhere plus always have lots of company which we both enjoy. Audrey is into designing and knitting sweaters and a bit of golfing. I also enjoy golfing, making wine, writing poetry and both of us do a lot of swimming.

When you combine that with gardening and yard work and a few other activities, there's not much time left for potting around...

Raelene and Peter Tulk, Peter, Scott and Tiffany

[REDACTED]

Peter and I live in Chase with our three children Peter, Scott and Tiffany.

Chase is in the Shuswap, 35 miles from Kamloops, where Peter works as a supervisor in Mohawk Oil's recycling division. He is also the supervisor for the Prince George office, so consequently spends a lot of time travelling between Chase, Kamloops and Prince George.

Peter, 11, is in Grade 6 at Haldone Elementary. Scott, 9, is in Grade 3, French Immersion, at the same school. Tiffany, 7, is in Grade 1, French Immersion at Chase Primary.

I keep very busy as a parent volunteer at the two schools. I help in the classrooms and work with the Parent Consultative Committees. Then I have my pet project for the year: the Grade 3 French Immersion cooking classes which the teacher has handed over to me. I also teach Sunday School and spend a lot of time chauffeuring children around. Somehow with a husband and three children I can always find something to keep me busy.

Tom and Elaine Lamb, Chelsea and Ryan

~~1000-00 Avenue~~
~~WAGLER, D. 01~~

Since our last family reunion our family has grown with the addition of Chelsea and Ryan. Although our lifestyle has changed somewhat, our address remains the same as we all enjoy living "in the country."

Tom is now working for the Hong Kong Bank of Canada, dealing in commercial lending. Elaine is kept busy with the domestic side of life, which always proves challenging! Both Chelsea and Ryan enjoy their school and social activities and are high achievers even at this early stage. They always keep Mum and Dad on the go, creating the typical "family circus" scene, but we wouldn't want it any other way.

Barry and Debi Lamb and Melissa

~~1000-00 Avenue~~
~~WAGLER, D. 01~~

I am currently in my third year of business with Giovanni Music, enjoying playing and selling musical instruments. Debi is in her fifth year at Flowers by Richard where she is a floral designer. Melissa, 11, is in Grade 6 and her third year of piano lessons.

Debi and I are both big hockey fans and avid golfers. As a family we all love to skate, ride bicycles together and swim at the local pool. I very much enjoy weekend mechanics and maintenance on our cars and Debi has a flair for painting. We all enjoy dining out and catching the odd movie.

Bev and Joyce Lamb and Ryan Stone

I work for Repap Manitoba Inc. (formerly Manfor Ltd.) in the purchasing department. I enjoy hunting and fishing and working at our cottage at Clearwater Lake. I have lived in The Pas since 1970. At present we live across from cousin Dennis Marks Lamb. My mother lives in The Pas.

My son Kevin works at Repap in the paper lab. Daughter Jacquie teaches Business Education at Alonzo, Maniroba and Shannon teaches in a Montessori day care school in Waterloo, Ontario. Son Colin is in the Army stationed at Victoria, B.C.

Kevin Lamb

I am currently employed at Repap as a paper tester in the technical department. I enjoy hunting and fishing for Walleye. I especially like touring western Canada on my Harley.

Monelle and Gene Oman
[REDACTED]
[REDACTED]

Gene retired in February. We had already moved to the lake, and still have lots of work to do out here, but we enjoy it. Still very active in Masons, OES and White Shrine but am slowing down some. Just got a new pup, a Scotch Terrier, named Jock; he's as cute as a button. Mac, our older one, doesn't share our joy. The cats think he's OK.

There are about 16 "retired" people living out here. Everyone makes wine; mine is not too good but will do. Will have a garden this coming summer, the first one in years, also planting fruit trees and strawberries and huckleberries. We do have rabbits so could be in for some freeloaders.

Moren Scheligh Lamb (Sheila Lee)

~~2225 I. 2nd St. N.W.~~
~~WILSONVILLE, OREGON 97152, USA~~

Just for fun, I'm entering my legal name just as Grandpa Lamb (T.H.P.) registered me in 1926! I've used Sheila Maureen all these years until I got my birth certificate for my passport. I believe I follow Raymond in the line-up of cousins.

In 1988, Jim and I had our 40th wedding anniversary. We have spent all our married life in the Pacific Northwest. Darwin and Gary were born in Missoula and Sandi in Seattle. Each child has a son. I touch bases each year with several cousins, namely Robin, Susan, Arlee and Signe.

We make our home in Portland, Oregon and Honolulu. I do a little travelling with my chums in the summertime while Old Jim golfs. Life has been good to us and I'm looking forward to seeing you in July. Aloha....

Darwin Lee and Terry

~~2225 I. 2nd St. N.W.~~
~~WILSONVILLE, OREGON 97152, USA~~

I sure would like to bring my son up this summer but my vacation is scheduled for October.

Terry lives with his mother in Billings, about 500 miles from here. He will be with me for the summer. He's 12 (born 2-13-77) and in the sixth grade, 157 pounds, 5'6".

I'll be 40 this August, work as a brakeman for the BNRR from Whitefish to Harre, about a 500 mile round trip. Love water and snow skiing, racketball, going to the waterslide in Columbia Falls and biking. I'm 5'11", 200 pounds and single. Still own a house and mountain land in Livingston.

Gary and Lin Lee, Lucas, Andy and Justin

~~2225 I. 2nd St. N.W.~~
~~LIVINGSTON, MONTANA 59011, USA~~
~~(406) 222-XXXX~~

I graduated in Minneapolis, Minnesota, then moved back to Livingston and started working for the Burlington Northern Railroad in 1970. I was a bachelor until 1988 when Lin and I were married at the G3 Ranch up in the Absarokee Mountains just outside of Livingston. We now (March 89) have a 10 week old son named Lucas Cain Lee.

Sandi and David Brinig and Nicholas

~~2000 Northgate Drive~~
~~SALESBURG, Illinois 61461, 88~~

With Dad working as a claim agent for the railroad, we moved around a lot. I graduated in Livingston, Montana in 1974 and worked for the telephone company for eight years. Bought a couple of houses, travelled a lot, meeting in Hawaii every winter for 12 years with my parents and brothers.

Got married 9-6-86 and moved to Illinois. We have a wonderful 15 month old son, Nicholas Lee Brinig.

~~(204) 224-8888~~

I am an RN and work half time at the Correctional Institute in The Pas and supervise half time at the hospital. We live at Clearwater Lake, have a big garden which we enjoy with our new (and first) grandchild.

Arne is an industrial electrician who works at Namen Mine near The Pas. We were married July 4, 1987.

Pamela just had a new baby girl, Jordan, on May 13th.

Stuart is in grade 12 and works part time at the Grub Box, a food store.

Phyllis Gibson

~~25 4071 Island Road~~
~~VICTORIA, B.C.~~

I am living in Victoria and love it. The church is a lovely old one and the minister was in The Pas at one time.

I don't do anything but explore the island and I do this and that at the church. Maybe next year, if the novelty of that beautiful island wears off, I will get into volunteer work. But it is nice just being myself.

I will be thinking of the family gathering.

Barbara Gibson and Russell

8834 11000 Elbow Drive S.W.
Calgary, Alberta

Well, I guess you could say my most interesting feature is my cast. I haven't had one on my arm for at least 25 years. I celebrated my 39th birthday by falling off the sofa and breaking my wrist.

I work in a small insurance office as an executive assistant to the president of the company. Very challenging work and I love it.

Russell was born on January 28, 1977. As a pre-teen, he really keeps me going.

Unfortunately, we will not be able to attend this summer's reunion. Hope it is a success and I know it will be fun catching up with all the clansmen.

David Gibson & Connie Podovnikoff, Melanie and Kiley

722

Biggar, Sask. S9B 0N6

Connie is from Kamsack, Sask. She is an active volunteer for the PTA and the church (president of the Evening Circle, a group of women who cater for various events during the year.)

Melanie was born in the Pas on November 4, 1977 and is involved with piano, gymnastics, swimming and Job's Daughters. Kiley was born in Biggar on August 11, 1981 and is also in piano, gymnastics and swimming.

We moved to Biggar from The Pas in 1978. Biggar is a small town (about 2600) 60 miles south of North Battleford.

Railroaders in Biggar work from Biggar to Watrous and from Biggar to Wainright, Alberta. I work from Biggar to Wainright (140 miles). The average round trip takes about 14 hours, and I go to work about 3 times a week.

I am vice-president for our Golf Club for 1989. We have a nice 9-hole course.

Tricia Plante, Jeremy, Wade and Brodie

RD 5, St. Mary's, Sask. S0A 0A0
Biggar, Sask. S9B 0N6

I have just completed a Legal Secretary course and will be job hunting this summer. I have tentative plans to move to Calgary. Jeremy, Wade and Brodie who are 12, 13 and 14 have all been involved with the Navy Cadets where I am the treasurer. I joined a ball team this year and have had tons of fun.

Greg and Verna Lamb

~~17 Elm Street, Winnipeg, Manitoba R2S 1W5~~

We moved from Thompson back to The Pas in the summer of 1989, to the same house we built when we were married.

Our eldest daughter Laurie married David Wagner, a landscape architect from Winnipeg. They have two daughters, Emily, 6, and Elizabeth, 4. Thomas was born in April.

Tracey married Thomas Kirouac, who is now an RCMP constable posted at Grande Prairie, Alberta. They have two girls, Lindsay, 7, and Jacqueline, 4. Tracey is going back to work with Flight Services after a year's leave of absence during their move from Watson Lake, Yukon to Grande Prairie.

Our youngest, Kristina, has been living in Brandon since finishing high school and works in an insurance office. She married Mark Davies of Brandon in March of this year. Mark is going into the Armed Services and will be stationed at Petawawa, Ontario. Kris will join him there this summer.

Greg is working for Government Services in the Stores Department. We spend a good part of every summer with our visiting grandchildren at Clearwater Lake.

Laurie and David Wagner, Emily, Elizabeth and Thomas

~~17 Elm Street, Winnipeg, Manitoba R2S 1W5~~

David and I met at the University of Manitoba where we both obtained our Masters degrees in Landscape Architecture. We have our own consulting firm, David Wagner Associates, which specializes in landscape architecture, urban design and golf course architecture.

I semi-retired last summer to stay home and look after the children. They have a busy schedule now that Emily is in kindergarten and they go to dancing lessons, swimming and other activities. We just had a new addition to the family, Thomas, who also keeps us very busy.

As well as having our own business, three great children and an old house which we are gradually renovating, we still find time to go to the lake on weekends and to visit The Pas and Clearwater Lake once a year.

Tracey and Thomas Kirouac, Lindsey and Jacqueline

222-68 Avenue

GRANDE PRAIRIE, MANITOBA

We've recently moved from the Yukon where we lived for the last five years, to Grande Prairie. Thomas and I had been Flight Service Specialists with Transport Canada since 1979 and last year Thom was accepted into the RCMP as a regular member. I am still with Transport, now working at the Grande Prairie airport. We have two girls, Lindsey, 7, and Jacqueline, 4.

Donald and Beverley Lamb

THE BAS, MANITOBA R0N 122

I am property manageress of three big blocks in the town, Don is my handyman. We've been doing this since May 1989--a lot of grief and a few laughs. We have done a lot of travelling--Don just arrived home from a trip around the world with Todd.

Todd, Marianne and Julia are living in London, Ontario. He is a chartered accountant working with Air Ontario. Marianne babysits a housefull of kids--never a dull moment.

Meredith Lamb

Box 1575

222-68 Avenue, Grande Prairie, R0N 122

I'm presently working for the Ontario Ministry of Citizenship, Native Community Branch, as a Native Development Consultant. I spent 1985-87 working in Botswana for CUSO as a land use planner.

I bought a house last year in Sioux Lookout and am kept busy with gardening, yard work, etc.

Susan Whitney Lamb

26 Leach Road

WHITEHORSE, YUKON N1A 9L4

867-2222

I recently graduated from Douglas College in New Westminster, B.C. with my Associate in Criminology. I am 24, have no children (yet) and am very curious about my heritage. I ventured to the Yukon in 1984 for a change of pace since living in Maple Ridge, B.C. for most of my life. I stayed a year, then decided to go to college in 1985. Every summer since I have returned to Yukon to work and in 1987 my car broke down in the middle of nowhere. This is where I met my boyfriend, Ron, since he was the only man kind enough to pull over and help me out. So my Yukon man has influenced my decision to settle here for a while, anyway.

My goal is to be a youth counsellor for those in conflict with the law. Ron and I plan to buy a house in Whitehorse and stay for a few years. Ultimately I hope to return to the coast where we can enjoy a warm climate and I can have the comfort of the rush hour traffic and smog which seems to be lacking in my present country lifestyle!

My brother Jim is living in Surrey. His address is #81-13315 104th Avenue, Surrey. He is an automobile and furniture upholsterer.

Since our father's sudden death any opportunity we've had to know our Lamb family has been minimized. Since our parents, Dennis and Barbara, divorced when I was very young I never had the chance to know my father.

I send my best wishes to everyone at the reunion, especially to Uncle Doug and Aunt Vasti as they are the last two relatives I remember. May I also add that if anyone ventures north, please drop in to see us in Whitehorse. I will always look forward to meeting my family.

P.S. I was named after a helicopter engine and have been told I have a striking resemblance to my father's sister Sheila.

My career is aviation. I got my commercial pilot's licence 36 years ago. I don't fly as a pilot any more but am a consultant to three Ojibway Indian bands in northern Ontario and am Director of Marketing for Custom Helicopters in Winnipeg.

Barbara is Assistant Manager to a Perth's Cleaners just three blocks down the street from our house in River Heights.

Tanis is a commodities broker with Merrill Lynch in Winnipeg.

Tara is married to Bill Shaddy who works for Pepsi Cola International. They have lived in England for a year and a half and are just now going to New Delhi for four months, then on to Singapore for a two year posting. Great company ...see the world while they are young.

Jon and Jennifer live in Toronto. Jon is with the Bank of Nova Scotia, Jennifer works in interior design.

NO GRANDCHILDREN.

Jon and Jennifer Lamb

Jennifer and I are living in Toronto but would like to move back out west within the year, preferably to Winnipeg or Calgary. Toronto house prices leave much to be desired at \$250,000 for a starter home.

Jennifer is working for an interior design firm called the International Design Group doing retail design for companies in North America and Europe.

I am working for the Bank of Nova Scotia as a product analyst. It's got something to do with computers, I think. (I've only been with the bank a year--I think I'll be getting my job description any day now).

Other than that, I commute for 15 hours a week and Jennifer rides the rails for 10.

This move to the west worries me; what would I do with my spare time? I suppose owning a house complete with lawn would take care of that.

Have a great time at the reunion of '89.

Doug and Vasti Lamb

Here is a brief biography of our family:

Kerry and husband Peter Vandermeer have a daughter, Kristina, and a son, Kori.

Rena and husband James Johnson have Douglas, Sean and Megan.

Crystal's husband-to-be is Mitchell Bracken, a far-away nephew of John Braacken.

Conrad and Nancy Lamb

Nancy is working for Home Care and a case coordinator. Connie works for the Department of Highways operating their graders and low bed trucks.

We spend most weekends summer and winter at the cottage on Clearwater Lake where in the summer we sail and walk on the ski trails. In winter we cross country ski and make good use of our ice fishing shacks, both on the river and on the lake. We both love our garden and I am trying to grow the next giant pumpkin.

Emily Lamb

[REDACTED]

Like a lot of my Saskatchewan friends and neighbours, after Christmas I go for holidays in a warmer climate (Arizona, California or Florida) and always have enjoyed them very much. But after a couple of months or so, I'm always happy to be homeward bound to my own little nest and back to my bowling pals, who always meet twice a week and have some trophies to show for our exercise.

I visited the world's fair in Vancouver in May 1986 with Donna and Dan Rooney and in September Lois and Al Vinnish and I went from Arizona and Mexico up the west coast to Vancouver to see Expo again and of course enjoyed seeing my grandson Tom Rooney again. He was there for the 6 months the fair ran entertaining in the Saskatchewan pavilion.

I enjoy my family very much and we have many good times together. I'm always included in the highlights: weddings, Christmas and New Year's, birthday parties, baptisms, going to the lake and barbeques. In between times I do some crafts, sewing, ACW work and have my family and friends in for a meal occasionally when I feel like cooking. In general, I enjoy life.

Lois and Al Vinnish

[REDACTED]
[REDACTED]

After 32 years with Gulf Oil, Al took early retirement five years ago and after 13 years I took early retirement from the nursing position I held at our local hospital. It has given us the time to do the numerous things we enjoy--travel, church work, reading, etc. and especially time to get to know our 12 grandchildren. The past year has been particularly busy as we built a new house (did most of the work ourselves) next door to Rod and family as he bought our property last fall. Arizona is a favourite holiday place. Our most recent holiday was to Hawaii with Donna and Dan.

Janice and Murray Wallace live in beautiful Oakville, Ontario but hope to eventually go back to Vancouver. Murray commutes daily to downtown Toronto where he is President of Wellington Insurance. He has little spare time what with coaching his three sons, Matthew, 10, Timothy, 8, and Benjamin, 6, in skiing, soccer, hockey and ball. Janice gave up a teaching profession when the boys came along and to the delight of all, baby Melanie Faye was born last July. The purchase of a cottage at the lake down east last fall was an exciting event. Most recent holiday was to Portugal and usually there is a yearly trip to Saskatchewan and Alberta to see relatives.

Rod and Janny Vinnish: After nine years with the Saskatchewan government, Rod resigned and moved his family to Alberta last September. He bought 160 acres of land plus his Dad's 80 acres and hopes to do some of the farming himself (definitely a throwback to his grandfather Laddie). Rod has a consultant's position with Canadian Utilities and commutes to Edmonton five days a week from the farm. A big change for Janny who lived most of her life in Toronto. Her teaching career is on hold while their three children, Mark, 13, Lena, 10, and Anton, 3, take up so much of her time. With her family in the east a yearly trip is made to see them.

Shannon and Gary Bell (136 Denison Avenue, Toronto M5T 2N3) moved from Montreal to Toronto where they lived for the past ten years. Gary worked for CFOX in Montreal and now CFTR in Toronto, plays ball and hockey for relaxation. Shannon devotes her time to caring for Sarah, 4, and Sean, 2, leaving her small opportunity to pursue her love of art, specifically oil painting. They make yearly trips to the prairies to see relatives. Most recent holiday was to the Barbados.

Lonnie and Kelly Cockburn live on a wooded acreage near Beaumont, Alberta. Kelly is an electrician with Trans Alta Utilities in Edmonton. He built their energy efficient home as well as fencing, corrals and sheds for three horses so has been busy in their two years of marriage. Lonnie has a nursing career at Norwood Hospital, in charge of a floor. Since the birth of Kelly-Lynn last February she is on maternity leave until fall. Mexican holidays rate high with them as well as taking their horses to the mountains to camp.

Jackie and Wayne Kuhn live in Vegreville, Alberta where they grain farm and have a cattle operation. Wayne takes time to play hockey and go fishing. Jackie nurses in Vegreville in the Emergency and Outpatient department as well as caring for Warren, 4, and Brittany, 1. Both enjoy travelling--Hawaii, Acapulco, Vegas, etc. in the past few years. They plan to join Kelly and Lonnie on their wilderness mountain trip in July.

Nadine lives in Edmonton and works in the Neonatal Intensive Care Nursing Unit at the Royal Alex Hospital. She is getting married in October to Stan Osztko and plans a Mexican honeymoon. They both enjoy golfing and curling and are ardent Oiler and Eskimo fans.

~~(200) 240-7202~~

We moved to Saskatoon 12 years ago after living in Prince Albert for many years. We really like this city and enjoy the many activities here. Dan worked as the Executive Manager of Security of Penetentiaries, however he is now enjoying retired life. I sing with the Sweet Adelines and the Saskatoon Symphony Oratorio Chorus. We are both kept pretty involved with our extended family.

Tom lives in Saskatoon and keeps busy with drama and music. He recently worked at Persephone Theatre in Guys and Dolls and this summer will act in Romeo and Juliet with Shakespeare on the Saskatchewan.

All the girls are married and 3 of them live in Saskatoon:

Donnareen and Dick Batten and David, Danielle, Diana and Dugan,

Lois and Arch McKay and Colleen, Jeanne, Patricia, Erin, Thomas and Donna,

Kathleen and Gerry Schimnowski and Mark and Maureen.

Johanne and Laurent Fournier and Danny, Paul and Megan live in Prince Albert.

Pat and Larry Dey and Shannon, Kevin and Katelynn live in Brooks, Alberta.

Mary Lynn and Greg Schmidt live in Calgary.

Colleen is 11, Jeanne is 9, Patricia is 7, Erin is 5, Thomas is 3 and Donna is 1.

Arch teaches at Holy Cross High School. I stay at home and "rule" the roost.

Kathleen and Gerry Schimnowsky, Mark and Maureen

1764 Adelaide Street East
Saskatoon, Sask.

I am the fifth daughter of Dan and Donna Rooney and one of seventeen grandchildren of Emily and the late Horace (Laddie) Lamb.

In November, 1982 I married Gerard Schimnowsky. Gerry works for Sask Tel in Saskatoon. I worked as a travel consultant and for Key Lake Mining Corporation until Mark was born on July 11, 1985. On August 17, 1988 Maureen was born.

Len and Gwen Button

622 22nd Street East
Regina, Sask. S4Y 1N6

At 55, Len took early retirement from the CNR. He had worked for the CN for 37 years.

For the past 10 years I've done less and less nursing. Actually, I think I could say I've quit now (I must say I'm still very interested in nursing).

We have 4 children, the two oldest took the RCMP training, the third is an accountant and our fourth is a dental therapist.

The three oldest children are married; we have 5 grandchildren and one on the way (in July).

We have just acquired a three month old golden cocker spaniel. We love him, but I've come to the conclusion he's more trouble than our four kids were.

My family will attend the Sunday picnic only, due to the fact that I will be 8 1/2 months pregnant.

Don and Vi Crane

Don was born in Winnipeg in 1928 and was given a long handle--John after Grampa Crane, Donald after uncle "Tubby" and Thomas after THP Lamb. He moved to Calgary at age "a few months", then to Valparaíso when he was 6. He attended the U of S and became an exploration geophysicist working in the oil patch and now lives near Calgary. He, like all the Lambs, enjoys the outdoors, bees, carpentry and life in general.

Vi was born of hardy Scot and Dutch stock in Okotoks, Alberta where her dad, Charlie Gratama, was an electrician for the Royalite Oil Company. Vi went to school in Turner Valley, then became a secretary and worked for Socony Vacuum Oil Co. in Swift Current. In 1954 she married Don and has lived in Alberta, in many towns, accompanying her hubby in the search for oil. She is a good mother to her 4 children and 6 grandchildren and is an avid swimmer and ex-tennis player.

Cindy Turner (53 Carolina Crescent, Cochrane, Alta. T0L 0W0) was born in Barrhead, Alberta in a tiny, primitive hospital in 1955 and grew up with her family on the move. At age two she had lived in 26 towns. Settling finally in Calgary, she attended both the U of C and NAIT (Edmonton Tech) and studied both biology and drafting and worked in both fields. Now she lives in Cochrane with Tony and three children (Twyla, Travis and Jason) and in September will be blessed with another wee one. Cindy is a super horsewoman and enjoys crafts and the outdoors. Tony, her husband, is from a ranch north of Calgary and works repairing business machines and computers.

Brenda Denno (Ste 404, 55 East 12 Avenue, Vancouver V5T 4J4) was born in Calgary in 1957 and graduated from Cochrane High School. She spent a year in England, in and around London, and later married Jon Denno in Calgary. They lived there and in Toronto before settling in Vancouver. Brenda's work with the needle is beautiful and she is very active in the church in Vancouver. Jon, who incidentally is a descendant of the Huguenots, works at Jordan's Furniture in Vancouver.

Valerie Atebe (31-6503 Ranchview Drive NW, Calgary T3G 1P2) was born in 1960 and grew up in the Glamorgan district of Calgary. After moving north of Calgary in 1971 she attended Cochrane High School. She then toured Europe for several months and returned home for university. She married James Atebe and works at the University library as well as at home tending her three children, Camille, Joshua and Kato. James, who comes from Kenya, is attending U of Washington and hopes to be involved in urban and rural planning.

Norma and Eric Butt

Eric is now retired and cooking up gourmet meals every day.

Norma is still slaving away over a hot desk, however did manage to ski 74 times this season. Am in mourning now until next winter and skiing starts.

Tim is single and available, but poor!

Sheree Butt

It wasn't just the political climate of BC which encouraged my social activism over the past several years, it was the inspiration of my prairie-bred mother. She was the impetus behind my joining and being a part of the historical drive to organize Canada's chartered banks, a campaign that was to see bank workers in both BC and Saskatchewan sign union cards.

While I was organizing my co-workers, Norma went on to become manager of one of the busiest bank branches in the province and ultimately one of the most well-respected and senior managers in Western Canada.

A banking family, my father Eric was the first to quit, which eventually led to us opening and operating our own family business, a retail store in downtown Vancouver. We survived five tough years before deciding to call it quits, sit back, kick off our shoes and join the ranks of the unemployed (or at least Eric and I; Tim and Norma continued to work). During this time of rest and relaxation we skied our hearts out, chasing Norma all over Whistler mountain, a sport we all feel passionate about and enjoy as a family.

During the life of our store I took five months off and experienced a solo trip around Southeast Asia visiting China, the Philippines, Singapore, Malaysia and Thailand.

I recently landed a job slinging cocktails at a local beer parlour which will help finance my return trip to Southeast Asia.

Bob is an Administrative Assistant in Student Services at Tennessee Tech University. Rourk, 21, is a student at Tenn Tech, in his third year of an Electrical Engineering major. Mike, 19, is finishing his first year in Electrical Engineering at Tenn Tech.

I have been teaching elementary school for the past ten years. During this time I have earned two advanced degrees: Master of Arts and Education Specialist. I have also done some part-time teaching at the University here.

My hobbies include dancing (square dancing and round dancing), cross stitching, sewing, reading, walking for exercise and a newly acquired interest in golf. As our boys passed through the teen years, we also did some white-water canoeing and camping. I sing in a choral group and love to attend concerts, musicals and plays. I am also finally learning to fly...a lifelong dream! (Remember when the girl cousins just had to be passengers?)

[REDACTED]

I am Thomas Henry Peacock Bogle, married to Mary (nee Little) Bogle. We have three children: Bruce and Heather live and work in Ottawa, Gavin lives in London, Ontario, and is completing his Masters degree this year at Western University.

I spent 27 years in the Air Force as a navigator, then pilot. I retired in 1985 and am employed in the Department of National Defence as a computer systems manager.

Mary works for Paramax Electronics in Ottawa who are building the new frigates for the Navy.

None of our children is married as yet, so the Tom Bogle chain has temporarily stopped.

Hilda Herbert

[REDACTED]

Like eight of the first generation, I was born at Moose Lake and lived there for my first sixteen years, then finished school at The Pas and Winnipeg. I worked in law offices in Winnipeg and Tisdale until 1933 when I married Robert Middleton Crowe, RCMP. Our first home was in Melfort, where Robert Barrington was born in 1934. A move to Prince Albert and promotion for Bob followed, and there in 1937 Bonnie Hilda Mark Marks was born. After Bob's death in 1945, we lived in The Pas where I was secretary and girl Friday to brother Tom until 1948 when we moved to Victoria. The following year I married Duncan Herbert and after several moves we settled in Prince George in 1969 where Duncan died in 1971.

Barry met Veronica Purchase in Montreal in 1960 and there Marguerite Victoria and Renata Elizabeth were born. Barry holds an interesting job with IBM, having been transferred to Vancouver in 1966. For some years Veronica has been on part-time staff at the General Hospital, in Admitting. Margeurite lives in Vancouver and has been with BCAA for a few years, now being Senior Travel Agent in Reservations. Renata lives in London, UK, and has her own millinery business as well as working part-time in millinery in Harrod's. She has taken courses in fashion design but enjoys this present work.

Bonnie married Kenneth Walberg in Williams Lake in 1957 and there Patricia Ann Hilda, Sandra Lynn Margaret and Janice Marlene were born. Prior to her marriage, Bonnie was with the Bank of Commerce. Ken is a sales representative for Centennial Packers in Prince George which has been their home since 1969. Bonnie is in children's wear at Zellers.

Patti married Jim Anhorn and they live in Prince George. Jim is with the Federal Business Development Bank and Patti with the Imperial Bank of Commerce. Janice is a UBC graduate, in Physical Health, and now lives in Japan where she teaches English and gymnastics. Bryan and Sandra live in Edmonton.

My step-son, Bill Herbert, and wife Shirley live in Williams Lake where Bill is with an irrigation firm and Shirley with the School Board. Their son Bob and his family of three girls, Cheri, Terri and Candace, lives in Prince George and works for the Department of Highways. Greg and wife Linda and daughter Victoria live in Fraser Lake where Greg is with Endaco Mines. Linda is a veterinarian's assistant and works in an animal hospital in Prince George.

My interests: my family, the greater Lamb family, St. Michael and All Angels Anglican Church and its several organizations, the Order of the Eastern Star, Prince George Art Gallery. In my spare time I still do some sewing, knitting and painting and also have enjoyed several trips to England, mostly with sister Dot Bogle, and hope to do a bit more before I decide to sit back and watch the world go by.

Barry and Veronica Crowe, Marguerite and Renata

~~1923-1925 Birth~~
~~Vancouver, B.C.~~
We have lived in Vancouver for 23 years, prior to that I lived in Montreal where I met Veronica. We have two daughters, Marguerite who is a travel agent in Vancouver and Renata who is a milliner in London.

I have worked for IBM for 30 years, for the most part fixing computer programs. During that time I have had to spend a lot of time in Toronto and upstate New York, but have had enjoyable assignments in England, North Carolina and Washington, DC. I could retire, but plan to stay until I am 65 unless they come up with a big payout.

I am the daughter of THP and Caroline Alice Lamb.

Since the 1980 reunion I've continued to see the world but now, at 82, only when Nancy has time to accompany me. When her work took her to South America I visited her in Bolivia for two months but really prefer Canada. I live in a nice little house in Tisdale where my landlord takes care of the grass in summer and the snow in winter.

My children are: Nancy who works for Canada World Youth and lives in Saskatoon and Ferg, recently retired from the hardware business in Tisdale. He married Beryl King. My grandchildren (Ferg's children) are:

Michelle, teacher turned nurse, married to Hal Wright. They have three children, Leah, 7, Iain, 5, and Eve, 2. They live in Saskatoon.

Vaughan, an engineer, married to Ann Cochran, a geologist. Both work for Esso in Calgary.

Susan, an RN, married to Dan Senft, has a new baby, Christina Caroline. They live in Beaumont, Alberta.

Christine, married to Don Kuzenko. Both are pharmacists and live in Calgary.

Dan and I met in Beaumont (Edmonton) on a blind date! We married in 1987. Our daughter Christina was born May 14, 1989. We are currently living in Beaumont. Dan is employed as an electronic technician at a combustion engineering firm in Nisku. I am now enjoying my maternity leave from my job as a nurse in the paediatric ICU at U of A Hospitals.

After living in Bolivia during 1984-85, I decided to come back to Saskatoon and settle down, making a brief detour through Ottawa where I worked for CUSO in 1985-86.

Saskatoon is a great place to live: it's not too big, near Tisdale, and most of my friends are here. It's also where I can do a lot of the unpaid work that interests me, mainly on

Central America. My next project (after editing these bios) is to work on a week of celebrations marking the tenth anniversary of the triumph of the Sandinistas in Nicaragua. I also do the Spanish to English interpreting for our Spanish-speaking visitors and hope to continue my part-time studies of Spanish this fall. I also do a little women's work (not cooking and doing the dishes!)

I enjoy being a home-owner and live with a gorgeous dark-eyed blonde with four legs named Pickle.

I am continuing employment with the Province of Manitoba as Regional Forester for the Northern Region, entering 21 years with the province, 18 of them in The Pas. When not commuting to Winnipeg, Thompson or some intermediate spot, we can be found at our cabin on Clearwater Lake or in our sailboat.

Marlyn is with the Kelsey School Division, teaches phys ed at Kelsey School. She instructs an aerobics class bi-weekly.

Michelle, aka Fred, #1 daughter, lives and works in Saskatoon.

RV, our Welsh terrier, is still at home, today!

[REDACTED]

We have lived at "Downwind," our farm in the country, northwest of Orangeville, Ontario for 22 years.

Glen is a 767 Captain with Air Canada and also works in the training department. He is involved in rebuilding a Funk right now and always has lots to do on the farm--he maintains two grass runways for recreational flying as well as a Christmas tree plantation.

Sharon works with the Wellington-Dufferin Guelph Health Unit as a Nursing Supervisor.

David, 21, is a First Officer with Canadian Partner at Pearson International. Prior to joining this company, he worked as a bush pilot in Northern Manitoba and Ontario. He is also an Officer Cadet with the Gliding Squadron out of Camp Borden.

Shannon, 20, is working as a co-pilot on Twin Otters in Timmins, Ontario. She is also a glider pilot and has worked at Trenton Air Force Base and Camp Borden as a tow and/or glider pilot.

Robin, 17, is in Grade 12. He is looking forward to university, probably Engineering. He's our winter enthusiast, largely due to skiing and this past year worked as a ski instructor as well as doing a weekly newspaper column.

Since the last reunion our three children, Robin, Susan and Marsha, have married. We have five grandchildren who are a great joy to us.

We have been spending Christmas with our family in Vancouver the past few years. They usually spend some time with us during the summer. It would be great to get to Australia to spend time with Marsha and Stuart.

Since the 1980 Lamb Reunion a great deal has changed in my life. In 1981 I was fortunate enough to serve a three-month assignment in Casablanca flying the pilgrims to Mecca; easily the best three months of flying I ever did. In 1982 two things happened to make my life different: I switched to the 727 (to domestic flying from overseas) and I bought an IBM Personal Computer. The 727 led to meeting my wife Susan (a Flight Attendant who never flies overseas) and the computer led to the formation of Lambyte Computer Ltd. which rents out personal computers around Vancouver. A 1984 foray into townhouse development (four units - no profit) convinced me that computers were more in my line.

Susan and I have 3 children, Jessie, Joshua and Thomas. Jessie, Susan and I had a great trip to Egypt last year. Jessie is very interested in Egypt and in cats. The boys are 3 and 1 and are busy keeping us busy. We live in a suburb nine minutes from the airport. Susan is off work on a leave after Thomas's birth and plans to return to work in September.

Currently I'm flying a 767, back and forth to Toronto mostly. Air Canada is an even better place to work now that we are being privatized.

Our plans for the future are to stay on the coast and strive to build a vacation/retirement retreat in a warm part of the USA.

Since I left Sasktatchewan in 1971, I have lived in England (where I was teaching), Toronto (where I was renovating houses), and Vancouver (where I have been primarily a homemaker.)

Hugh Barker and I were married in 1981. We have two children, Steven, 7, and Emma, 4. Hugh is a pilot with Air Canada, he builds remote control model planes in his spare time.

I am taking a course offered through UBC called Urban Land Economics. Year 1 of 4 has just been completed.

We see a lot of brother Robin and family in Richmond and are just trying to get accustomed to the absence of Marsha and Stuart, who moved to Australia this spring.

Rhena and Donald Lamb
[REDACTED]

We can tell you that retirement is great!

Rhena pursues her favourite hobby of painting in watercolours. Donald enjoys golfing, carpentering and writing stories on his computer.

We spend our winters in our home in a retirement community in Mesa, Arizona. The summer months are spent mostly in Tisdale, though we take considerable time visiting our four children in Ontario.

One of the big advantages of being retired is that we are able to do some world travelling: a few of the highlights being on an African safari in Kenya, spending Christmas on a yacht in Pago Pago, Samoa, visiting the island of Malta in the Mediterranean and returning to Trondheim, Norway, where Donald landed on VE Day 1945. Yes, retirement is great!

David and Marlien, after more than 20 years, are returning to their roots. The migration west has been inevitable subconsciously for years and when we saw the opportunity we decided to go for it.

Rachael will be in university this fall while Aaron and Matthew are in high school and everyone is looking forward to the move. We would like to send a blanket invitation to all of the cousins and kin to drop in and visit in Winnipeg. There will always be a warm bed and a cold beer waiting.

Give our regards to all and we sincerely hope to see more of everyone when we arrive in the west.

I've been busy trying to make a living in Hogtown, Ontario. With my partner, Barry Pearson, I've managed to stay afloat! We own a film production company and make shows for television and the occasional feature film for movie theatres.

I've also done a bit of freelance writing. My current project is co-authoring a non-fiction book with my sister, Elizabeth.

Barry and I have a daughter, Caroline Rhena, 7 1/2, who is the light of our lives. Be sure to ask me about her!

After seven years of hustling as a Bay Street broker, in early 1985 I flew away from Toronto and landed on a clear afternoon in Cochabamba, Bolivia. Nancy met me and we retired to her quarters to celebrate my 32nd birthday with cake and a cup of mate de coca. I left Bolivia some 6 weeks later with a moderate understanding of Spanish and life in the third world.

For 5 months I meandered around the Amazon basin, bussed overland Brazil to Venezuela, climbed to the highest Andean village, partied in Colombia and canoed up the Carribean Sea to Panama. I crewed through the Panama canal on S.V. Spallpen, a 40' sloop, my first time aboard a sailboat.

July 1st Sean and I set sail for the Galapagos Islands, then threaded our way over the South Pacific to Isles Marquesas, Archipelago Turmoto and Tahiti. From Bora Bora I sailed to Pago Pago. Low on funds, I now became an expert in Spanish and taught Spanish and English in American Samoa high school. I met my travelling companion for the next two years and Mom and Dad flew in to celebrate Christmas.

Randy and I thumbed through New Zealand, then covered 7000 miles of the east coast of Australia, from Tasmania to Queensland. In Sydney for 6 months, Marsha surprised us with a visit. I worked for a high technology company and met Thang, a Vietnamese boatperson and the subject of the book Marjorie and I are currently writing.

Leslie and Ken invited Randy and me to Papua New Guinea where I marvelled even further at our planet's cultural diversity. Singapore, Bangkok and then 8 days inside South Vietnam. I smuggled first world goods to Thang's starving family still trapped in a desolate part of Ho Chi Min. I started serious work on the book in Hawaii.

I returned to Canada 32 months after my departure and experienced my heaviest dose of culture shock. Marsha met me in Vancouver and we drove to Tisdale. Since landing in Toronto I have renovated a house into four apartments in High Park, landed a job in a progressive sportswear company and continue work on our book. The importance of family and quality of life here are far more deeply understood and appreciated.
